EDUCATION

- **Bachelor of Technology, Computer Science and Engineering** 2020-24
IMS Engineering College, Ghaziabad CGPA: 7.56
- **12th** 2019
Gyan Peethika Senior Secondary School, Ballia Percentage: 69.80
- **10th** 2017
Gyan Kunj Senior Secondary Academy, Ballia CGPA: 9

EXPERIENCE

- **AWS Cloud Practitioner Training** December 2024 - March 2025
TATA STRIVE Skill Development Centre Offline
 - In-depth understanding of AWS cloud computing services, including EC2, S3, RDS, IAM, VPC, and more.
 - Gained foundational knowledge of AWS cloud concepts, security, and architecture.
 - Built hands-on experience in AWS management, including compute, storage, and networking.
- **Web Development Internship** July 2023 - August 2023
CETPA Infotech Pvt. Ltd. Offline
 - Enhanced web development proficiency by improving skills in HTML5, CSS3, JavaScript, and ReactJS during a Full Stack Web Development Internship at CETPA Infotech Pvt. Ltd.
 - Developed a Doctor Appointment Website with key features including user registration, profile creation, doctor search, and appointment scheduling, improving overall user experience and functionality.

PROJECTS

- **Forever: Ecommerce Website** April 2025
Developed a modern and responsive e-commerce web application to deliver a seamless shopping experience.
 - Implemented features like product listings, detailed product pages, shopping cart, and order flow using React.js and React Router.
 - Utilized Context API for state management, added toast notifications and dynamic search, and ensured full responsiveness while optimizing performance with Vite, deploying the app on Vercel for seamless user experience.
 - Technology Used: HTML5, CSS3, Tailwind CSS, JavaScript, Vite, React.js, Context API, React Router.
- **CraveCart: Food Delivery Application** October 2024
Developed a modern and responsive food delivery web application to provide a seamless food ordering experience.
 - Developed core features such as food categories, product details, food selection process, and order management using React.js and React Router.
 - Used Context API for state management, added dynamic search, and ensured responsiveness. Optimized performance with Vite and deployed on Vercel for a smooth user experience.
 - Technology Used: HTML5, CSS3, Tailwind CSS, JavaScript, Vite, React.js, Redux, React Router.
- **Prescripto: Online Doctor Appointments Platform** August 2023
Built a responsive and user-friendly web application for scheduling doctor appointments online.
 - Implemented core functionalities including user registration, doctor listings, appointment booking, and profile management using React.js and React Router.
 - Managed global state with Redux, integrated dynamic search and form validation, and ensured full responsiveness while optimizing performance with Vite, deploying the app on Vercel for smooth access across devices.
 - Technology Used: HTML5, CSS3, Tailwind CSS, JavaScript, Vite, React.js, Redux, React Router.

SKILLS

Languages : C++, Javascript, HTML, CSS, ReactJs

Tools and Frameworks : Bootstrap, Tailwind CSS, Redux, Vite, VScode, Git, Github, MS Word

Databases : mySQL, SQL

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS

Soft Skills: Quick Learner, Collaborative, Adaptability

CERTIFICATIONS

- AWS Certified Cloud Practitioner - AWS *Certificate* April 2025
- Introduction of SQL - Simplilearn *Certificate* October 2023
- Basics of C++ - Udemy *Certificate* August 2023
